

RECEIVED

MAY 02 2001

FEDERAL COMMUNICATIONS COMMISSION
OFFICE OF THE SECRETARY

October 23, 2000

Mr. Chris Dunn
AT&T Wireless
227 West Monroe Suite 5050
Chicago, Illinois 60606-5018

Dear Mr. Dunn:

As the coordinator of 9-1-1 services in your area, I am pleased to issue this formal request for Phase 2 wireless 9-1-1 service as outlined by the Federal Communications Commission (FCC).

As you know, the FCC's Wireless E9-1-1 Report requires that your company provide this phase 2 wireless 9-1-1 services within certain time frames.

However, I must know how much the service is going to cost and what impact it will have on my current system configuration. I would appreciate an analysis and overview of expected one-time and ongoing operational costs associated with the provision of Phase 2 Wireless 911 in Steuben County. I am only interested in the costs directly associated for Steuben County and not the costs the Indiana State Enhanced Wireless 9-1-1 board will be responsible for. In addition, I would like to understand your network implementation plans for this service and when you expect to provide the phase 2 wireless 9-1-1 services in Steuben County.

I look forward to working with your company to improve the quality of wireless E9-1-1 services for your customers and the citizens of this area. I encourage you to contact my office immediately with the name of the person we may contact to discuss logistics, funding and other technical and non-technical concerns.

My hope is that we can develop a productive and positive working relationship in the coming months and years, and that we can continue to work together to improve the quality, reliability and effectiveness of wireless E9-1-1 services.

Please contact me at (219) 668-1000, Ext 4000 to discuss these issues in more depth.

Thank you for your assistance,

Best regards,

~ Kenneth D. Lowden, Director
~ Steuben County Communications

Cc: Ms. Cindy Snyder, Assistant Director
Hon. Tim Berry, Chairman, Indiana Wireless Enhance 911 Board

October 23, 2000

Mr. Wayne Magee
Centennial Wireless
1619 Magnavox Way
Fort Wayne, Indiana 46804-1554

Dear Mr. Magee.

As the coordinator of 9-1-1 services in your area, I am pleased to issue this formal request for Phase 2 wireless 9-1-1 service as outlined by the Federal Communications Commission (FCC).

As you know, the FCC's Wireless E9-1-1 Report requires that your company provide this phase 2 wireless 9-1-1 services within certain time frames.

However, I must know how much the service is going to cost and what impact it will have on my current system configuration.
